survey, in January 2005, which found 52 Grade III and 4 Grade IV malnourished children, out of 8246 children covered in Ramtek ICDS Projects.

(b) and (c) The details of survey conducted by the Government of Maharashtra in five tribal districts *viz.* Thane, Amaravati, Gadchiroli, Nasik and Nandurbar are given in the Statement (*See* below).

(d) The State Government has reported that medical aid and high protien ferox has been provided to all malnourished children through voluntary organizations.

(e) The Government of India has been implementating various scheme/ programmes to address the problem of malnutrition which, *inter alia,* include, Continued implementation and expansion of Integrated Child Development Services (ICDS) Scheme; Nutrition Component of Pradhan Mantri Gramodaya Yojana (PMGY); Pilot project in 51 districts, to provide free foodgrains to undernourished adolescent girls and pregnant & lactating mothers; Reprodctive and Child Health (RCH) Programme; National Iodine Deficiency Disorder Control Programme; National Prophylaxis Programme Against Blindness due to Vitamin-A; National Nutritional Anaemia Control Programme; National Programme for Nutritional Support to Primary Education; Targeted Public Distribution System.

Under the ICDS Scheme, the State are responsible for providing supplementary nutrition out of their resources. However, the Central Government has proposed to provide 50% cost of supplementary nutrition to States/UTs from 2005-06.

Statement

Ban on junk food in schools

653. SHRIMATI PREMA CARIAPPA: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether it is a fact that junk food continues to be freely available in school canteens despite a ban imposed by the Education Directorates: and

(b) if so, what action is being proposed against the schools not implementing the ban?

THE MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRI M.A.A. FATMI): (a) This Ministry does not collect information on a centralized basis on whether junk food is freely available in the school canteens and whether any State Government has imposed ban on their sale therein.

Statement

(b) It is for the State Government to take action if any case is brought to their attention.

Reforms in existing education system

†654. PROF. M.M. AGARWAL: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether Government have formulated a national programme to bring reforms in the existing education system, for providing excellent training to teachers and to ensure uniformity in the fields of education:

(b) If so, the details thereof; and

(c) the details of the amount sanctioned to various States under the Centrally Sponsored Schemes during the last three years?

THE MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRI M.A.A. FATMI): (a) to (c) The education system in the country is guided by the National Policy on Education, 1986 (as modified in 1992) which, among other things, envisages that effective measures will be taken in the direction of the common school system. The Policy also envisages overhauling of the system of teacher education in the country with emphasis on continuing education and the need for teachers to meet the thrusts envisaged in the policy.

Educational Reforms are a continuous process. A Committee of the Central Advisory Board of Education has been constituted on 8.9.2004 under the Chairmanship of Shri Tarun Gogoi, Chief Minister of Assam on the subject of 'Girls Education and the common school system'. The National Council for Teacher Education, a statutory body, is responsible for regulation and the proper observance of norms and standards in teacher education at the Elementary and Secondary levels. The revised Teacher Education Scheme for the Tenth Plan period envisages establishment of one District Institute of Education and Training (DIET)/ District Resource Centre (DRC) in every District and making them optimally functional and operational or improving the quality of programmes undertaken by them especially those of pre-service and in-service training so as to enable them to effectively play their nodal role in improving quality of Education, as measured in terms of levels of learner achievement.

Three statements indicating the amounts released to various States/ UTs under Centrally Sponsored Schemes (Plan) during the years 2001-02, 2002-03 and 2003-04 are given in the Statement—I, II, III.
